

THE ORIENTAL INSURANCE COMPANY LIMITED

Head Office: A-25/27, Asaf Ali Road, New Delhi - 110002

MOTOR DEPT. PAYOUT & COMMISSION GRID

Effective Date: July 1, 2026 | **Line of Business:** Motor | **Insurer:** Oriental

Notice: This circular contains the payouts, commission rates, and reward guidelines for licensed brokers, corporate agents, and POSPs for the financial year 2026-27. All rates listed are net percentages of the Own Damage (OD) or Net Premium as specified in the respective tables.

GENERAL DEFINITIONS AND MAPPING RULES FOR PARSING LLM

To facilitate accurate data extraction and auto-population in the Algonox Broker Platform, the extraction LLM must enforce the following definitions, mapping constraints, and defaults when processing this document:

- **Line of Business (LOB) Default:** Every rate, layout, and commission rule in this PDF belongs exclusively to the **Motor** Line of Business. The LOB field must always be set to 'Motor'.
- **Insurance Company Mapping:** The insurer name for all records in this document is **Oriental**.
- **File Type Rules:** File types are specified as 'New' (first-year policies), 'Renewal' (renewals of existing Oriental policies), or 'Rollover' (policies rolled over from another insurer). If a section does not explicitly state a file type restriction, it applies to 'ALL'.
- **Vehicle Age Parsing:** Brand new vehicles (first year) have an age range of **0 to 1**. Do not represent first-year ranges as '1 to 1'. For vehicles older than 1 year, parse from/to values numerically as written (e.g. 1 to 5, 6 to 15).
- **Make (Manufacturer) Rules:** Specific vehicle manufacturers (e.g. Maruti, Tata, Hyundai, Mahindra, Bajaj, Hero, Honda) mentioned in remarks, tables, or notes must be mapped to their standard uppercase name. If no manufacturer constraint is listed, it must default to 'ALL'.
- **Model Rules:** Vehicle model names (e.g. Alto 800, Swift, Nexon, Activa, Splendor, Pulsar, Ace, Dost) mentioned in any description or remarks column must be parsed. If no model is specified, map to 'ALL'.
- **CPA Status Extraction:** CPA (Compulsory Personal Accident) cover status must be mapped to 'YES' or 'NO'. Policies with remarks indicating 'CPA cover included' or 'with CPA' are set to 'YES'. Policies marked 'without CPA' or 'excl. CPA' are set to 'NO'.
- **NCB Status Extraction:** NCB (No Claim Bonus) status must be mapped to 'YES' or 'NO'. Text showing 'NCB cases' or 'NCB >20%' maps to 'YES'. Text showing 'without NCB cases' or 'No NCB' maps to 'NO'.
- **RTO & State Specificity:** State abbreviations (e.g., MH, GJ, AP, TN, KA, DL) and specific RTO codes (e.g., GJ-01, MH-12) mentioned in tables or notes must be extracted cleanly. If a state has no RTO mentioned, RTO defaults to 'ALL'.
- **Sales Channel / Partner Type:** Channel names like POSP, MISP, Broker, and OEM Dealer must be mapped to the 'Partner Type' column. If none is listed, default to 'ALL'.

SECTION A: PRIVATE CAR COMMISSION SCHEDULE (OD & TP RATES)

The following table represents the payout structure for Private Cars (Passenger Carrying Vehicles). All rates are Net OD or Net Net as specified. Slabs are defined by Engine Cubic Capacity (cc).

Product	CC Slab (From - To)	File Type	Fuel Type	State	OD Rate	TP Rate	Remarks / Rules for LLM Extraction
Private Car	0 - 1000 cc	New	Petrol	MH	15.0 %	0.0 %	Maruti Alto 800 only, CPA cover included, Broker channel, RTO MH-12
Private Car	1001 - 1500 cc	New	Petrol	MH	17.5 %	0.0 %	Maruti Swift and Hyundai i20 only, CPA cover included, Broker channel, RTO MH-12
Private Car	1501 - 999999 cc	Renewal	Diesel	GJ	20.0 %	2.5 %	Tata Nexon and Creta only, without NCB cases, POSP channel, RTO GJ-01
Private Car	1001 - 1500 cc	Rollover	Petrol	KA	22.5 %	0.0 %	Hyundai vehicles only, NCB cases (NCB >20%), MISP channel, RTO KA-01
Private Car	0 - 1000 cc	New	Petrol	TN	15.0 %	0.0 %	Maruti vehicles only, CPA cover included, OEM Dealer channel, RTO TN-01

Footnote Rules for LLM Extraction:

- For Row 1 and 2: The LLM must extract **Make = MARUTI**, **Model = ALTO 800 / SWIFT**, and **CPA Status = YES** (from remarks 'CPA cover included').
- For Row 3: The LLM must extract **Make = TATA / HYUNDAI**, **Model = NEXON / CRETA**, and **NCB Status = NO** (from remarks 'without NCB cases').
- For Row 4: The LLM must extract **Make = HYUNDAI**, **NCB Status = YES** (from remarks 'NCB cases'), and RTO as **KA-01**.

SECTION B: TWO WHEELER & COMMERCIAL VEHICLES GRID

The following table represents the payout structure for Two Wheelers and Goods Carrying Commercial Vehicles (GCV). Slabs are defined by Engine cc for 2W, and Gross Vehicle Weight (gvw) in kg for GCV.

Product	Slab Range (cc or gvw)	File Type	Fuel Type	State	OD Rate	TP Rate	Remarks / Rules for LLM Extraction
Two Wheeler	0 - 75 cc	New	Petrol	AP	25.0 %	0.0 %	Bajaj Activa only, CPA cover included, MISP channel, RTO AP-02
Two Wheeler	76 - 150 cc	New	Petrol	AP	30.0 %	0.0 %	Hero Splendor only, CPA cover included, Broker channel, RTO AP-02
Two Wheeler	151 - 350 cc	Renewal	Petrol	TN	20.0 %	5.0 %	Royal Enfield Classic 350, without NCB cases, POSP channel, RTO TN-01
GCV LCV	0 - 3500 kg	New	Diesel	GJ	35.0 %	0.0 %	Tata Ace only, CPA cover included, Direct Retail channel, RTO GJ-01
GCV LCV	3501 - 7500 kg	New	Diesel	MH	40.0 %	0.0 %	Mahindra Bolero Maxi only, CPA cover included, POSP channel, RTO MH-12
PCV 3W	0 - 6 seats	New	Electric	DL	30.0 %	10.0 %	Electric rickshaws only (e-cart, e-rickshaw), Broker channel, RTO DL-01

Footnote Rules for LLM Extraction:

- For Row 1 and 2: The LLM must extract vehicle type as **Two Wheeler**, **Make = BAJAJ / HERO**, and **Model = ACTIVA / SPLENDOR**.
- For Row 3: The LLM must extract **Make = RE**, **Model = CLASSIC 350**, and **NCB Status = NO**.
- For Row 4 and 5: The LLM must extract LOB as **Motor**, vehicle type as **GCV LCV**, **Make = TATA / MAHINDRA**, and **Model = ACE / BOLERO MAXI**.
- For Row 6: The LLM must extract **Fuel Type = ELECTRIC** (from remarks 'Electric rickshaws only').
